

APPEAL NO. 021888  
FILED SEPTEMBER 16, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing was held on July 9, 2002. The hearing officer determined that the compensable injury of appellant (claimant) does not extend to and include the median nerve of the left upper extremity and ulnar nerve entrapment of the left wrist. Claimant appealed this determination on sufficiency grounds. Respondent (carrier) responded that the Appeals Panel should affirm the hearing officer's decision and order.

DECISION

We affirm.

We have reviewed the complained-of determination and conclude that the issue involved a fact question for the hearing officer. The hearing officer reviewed the record and decided what facts were established. We conclude that the hearing officer's determination is not so against the great weight and preponderance of the evidence as to be clearly wrong or manifestly unjust. Cain v. Bain, 709 S.W.2d 175, 176 (Tex. 1986).

We affirm the hearing officer's decision and order.
